

SAVE Baltimore's Orioles!

Baltimore baseball fans are excited about the Orioles spectacular season. But the Angelos family's failure to sign a new lease raises the specter of the Orioles fleeing like the Colts! The state of Maryland has already offered \$600 million but the Angelos family wants even more taxpayer dollars, money that could go to serve the needs of all Marylanders.

Baltimore City has the legal power to acquire the Orioles.*

We must act now, while the Orioles are still in Baltimore!

We cannot wait until this glorious season is over.

Tell Baltimore's leaders to act NOW!
